

Dear Legislators,

I am emailing you to note that taxes in Connecticut are excessively high and are out of control. Many middle class residents are finding it increasingly difficult to make ends meet in this state due to the high tax burden, and are considering leaving the state for lower tax states such as South Carolina or Florida. I am unable to attend tomorrow's session regarding taxes due to a prior commitment, but would like to offer my opinion on this matter. Please cut spending and reduce taxes.

Thank you.

Mark Greene
